

Warrior Ultimate Large Silencer, I have a Warrior Ultimate Large Silencer with 14/1 thread. I have used it on one hunt but sold the rifle I had it on. It has one or two small scratches. It comes with attachments to use it as a reflex (slide on) silencer, a detachable front and internal muzzle flash and normal front fitting and the wrench tool. This means you can make it lighter and shorter if need be. All items new cost R3550. Postage for Buyer. I can Postnet or buyer can send courier. Thanks James James
